WILL BUILD BIG GARAGE.

Crossley Brothers have incorporated their garage and converted it into a stock company. They have secured their charter and will place on the market, in a short time, a block of stock sufficient to erect a building 30x125 and equip it with modern machinery for handling all kinds of repair work. Their business has outgrown their present quarters and they now plan to build large enough to handle the trade for some time to come.

Crossley Brothers will continue in charge of the garage and the excellent service that they have given in the past and the large business which they have built up on account of their superior workmanship gives real value to the shares which the incorporated company will offer for sale. We understand that a large part of the stock which will be sold at this time, has already been spoken for and those who invest in the company will no doubt find it a good investment. The building of this large and substantial business is another big boost for Beaver. What our town needs is business concerns big enough and equipped right to handle anything in their line. Crossley Brothers should be given every assistance and encouragement in this big \$15,000 improvement which they are planning. Those who want to invest in some stock should see Crossley Brothers at once for such stock is a good investment and won't be on market long.

A CHANCE FOR REAL CHRISTMAS GIVING.

Three millions of men, women and children must be clothed in Belgium and Northern France if they are not to perish with the cold of winter, whose rigors have no less terror for them than the anguish of war.

If these people are to be clad, it is plain that the United States must go to their rescue. To this end, the Belgium Relief Commission of the United States is making a frank appeal to the nation, asking for money to buy new material and articles of clothing.

The Commission is very emphatic in its request for new clothing, owing to the drastic sanitary laws laid down by the governments through whose territory we must pass in order to reach the sufferers. Not that the destitute people of France and Belgium would not be intensely grateful for partially worn or second hand garments, but they would not be permitted to receive them.

With the exception of shoes, sweaters, caps and knitted underwear, unmade materials are preferred, for industrially paralyzed France and Belgium are sitting with idle hands as well as aching hearts. From millions there goes up the cry every day, "Give us something to do, something to work upon, so that we may contribute to our support." To send unmade materials, moreover, an economical measure, for the poor of those countries know how to cut many a coat out of a given piece of cloth, and to utilize the scraps in patching their own old clothes.

An effort is being made through the Oklahoma Committee, which is headed by Governor Robert L. Williams, to secure large donations to ship to Europe at Christmas time. Local committees will be appointed in the larger cities and towns of this state to work in conjunction with the state committee. When you have gathered together your funds patronize the merchants of your own town by buying their goods. Materials that are out of style or shopworn, which can be secured at a reduction, will serve as well as new materials, for all our needy brothers and sisters across the sea want warmth and decency. All goods should be shipped to the O. K. Transfer and Storage Company, of Oklahoma City, not later than the week before Christmas. No transportation charges whatever will be made, except in the case of parcels post, and the latter will be refunded to you by the committee. When shipments are made, a complete list of the contents of the package and the bill of lading should be mailed to Mrs. Tom Hope, Chairman of the Oklahoma Committee for the Relief of Belgium and France, Room 473, Lee Huchins Hotel.

Who, in Beaver, will take charge of the work and gather what they can to help relieve the sufferings of the war-stricken country and shed a little Christmas cheer in the hearts of the destitute?

NEW ELECTRICAL SIGN.

"Top" Thomas, proprietor of the O. K. barber shop and agent for the Royal Tailors, installed a new electrical sign at his place of business the past week. It is one of the changeable color design and could not fail to attract attention.

TREASURY DEPARTMENT.

OFFICE OF THE COMPTROLLER OF THE CURRENCY.

Washington, D. C. November 26, 1915.

WHEREAS, by satisfactory evidence presented to the undersigned, it has been made to appear that "THE FIRST NATIONAL BANK OF BEAVER," in the Town of Beaver, in the County of Beaver and the State of Oklahoma, has complied with all the provisions of the Statutes of the United States, required to be complied with before an association shall be authorized to commence the business of Banking;

NOW THEREFORE I, John Skelton Williams, Comptroller of the Currency do hereby certify that "THE FIRST NATIONAL BANK OF BEAVER," in the Town of Beaver, in the County of Beaver and State of Oklahoma, is authorized to commence the business of Banking as provided in Section Fifty-one hundred and sixty-nine of the Revised Statutes of the United States.

In testimony whereof witness my hand and Seal of office this twenty-sixth day of November, 1915.

SECURES STUDEBAKER AGENCY.

E. D. Humphrey and Jas. H. Crabtree have secured the agency for the Studebaker car in this section. They went over to Guymon the early part of last week and secured a car for demonstrating purposes from A. J. Cantrell, general agent at that place. The new car is certainly a nifty looking. It is equipped with the new black and white tires which give it a classy appearance.

NED PEDIGO FAMILY AT THE GLOBE.

Emerson & Beatty, managers of the Globe theatre, who are ever on the alert to secure new attractions for their popular house and give us a diversified line of entertainment, presented the Ned Pedigo Family in connection with the regular picture program Friday and Saturday nights of last week. The Pedigos put on a vaudeville program which was much enjoyed by the patrons of the establishment.

BEAVER VICTOR OVER BALKO AGAIN.

The Balko and Beaver basket ball teams played on the Beaver grounds Friday afternoon. In the girl's game the score was 18 to 2 in favor of Beaver. In the boys' game the score was also in favor of Beaver, being 26 to 13. Beaver athletes are starting out with a good record this year, having won all games played.

JAPANESE BAZAAR.

The Marthas will conduct a Japanese Bazaar, December 17-18, at which time a nice line of suitable goods for Xmas gifts will be on sale. A Food Sale will also be held at the same time.

ART CLINE MARRIES.

Art Cline, the genial clerk for a time in the Beaver Mercantile Company establishment, returned from Kansas City the first of the week bringing a bride with him, whom he is introducing as Mrs. Cline. The Herald joins with other friends in extending congratulations and welcoming them to Beaver.

FIRE AT FORGAN HOTEL.

A near fire occurred at the Elk Hotel, at Forgan, Monday evening just about dark. The proprietor, R. A. Whisenant, was lighting up the gasoline lights and started to hang one to a hook on the ceiling when he missed his mark and the lamp fell to the floor, bursting and scattering gasoline in all directions. Mr. Whisenant's clothing was saturated and he was quite severely burned about the limbs and hands but those near by succeeded in smothering out the flames before he was fatally burned. The fire in the building was also smothered out. One can't be too careful with gasoline and gasoline lights.

BROOM CORN BUYER BANQUETS FRIENDS

W. K. Donnell, representing Lyons & Company, of Arcola, Illinois, and who has been here the past season buying broomcorn for his firm, gave a banquet at Joe's Place, Thursday evening of last week, to those who have been associated with him in his work and to the other broomcorn dealers who have been buying here this year. Mrs. J. G. Queenan, who has been here with her husband and little son for several weeks. Mr. Queenan, buying broomcorn for the American Warehouse Company, of Wichita, Kansas, assisted in the arrangements. Col. A. M. Burnam, local buyer for Mr. Donnell and a Beaver booster right, furnished the turkey for the occasion.

The banquet was one of the most sumptuous ever given in Beaver and was royally enjoyed by all in attendance. Those who participated in the gala event were: W. K. Donnell, F. C. Tracy, Frank Laughlin, A. M. Burnam and family, Mr. and Mrs. J. G. Queenan and son Maurice, Mr. Hathaway, representing Hockett & Company, of Wichita, Kansas, Mr. Baker, R. E. Lewis and son, representing Lewis & Son, of Laverne, Mr. and Mrs. P. C. Emberson, Mr. and Mrs. John Lawson, Jeff Holland, the genial agent of the International line—the B. M. & E., together with his wife, E. R. Alexander, representing Rodman & Company, of Oklahoma City, and Mr. Rich, of Rich & France, Chicago, Illinois.

FREDERICK HOPKINS' LECTURE.

The lyceum number Monday night was splendid and one of the very best of the course. Prof. Hopkins spoke on "The Golden Fleece," and handled his subject in a masterful way. To hear such speakers is an inspiration and gives one better thoughts and higher ideals. Those who failed to hear him, missed much.

"HOT PEANUTS AND BUTTERED POP-CORN."

Alva Neff and H. G. Parry have secured a popcorn and peanut vendor's wagon and opened up for business this week. They found a ready sale for their tempting wares and will no doubt find their investment a good one. Their stand at the entrance of the Globe Theatre is a good one.
